Habitat for Humanity Project Bringing Together UAE Scholarship Students

During the week of June 12th-17th, six UAE students volunteered their time for Habitat for Humanity of Greater Pittsburgh. Habitat for Humanity is a true world leader in addressing the issues of poverty housing. Through the work of Habitat, thousands of low-income families have found new hope in the form of affordable housing. Today, Habitat for Humanity has built more than 300,000 houses world wide.

During the week, students assisted in the preparation of the opening of the Habitat Re-Store, which funds the building projects in the community. Organization of building and housing materials, structure of the store, and multiple heavy lifting jobs throughout the days were key to helping families in the area. Additionally, the students participated in a weatherization of a Habitat house. Installation of insulation in the attic, walls, heating and air systems, as well as some electrical outlets were key in making the house a better place for the new family who will live there. And last, on a major building site, the students sealed walls and painted to allow the foundation to remain stable and resistant to water and weather.

Advisors Attend NAFSA Conference

On May 29-June 3rd a group of Advisors from the Cultural Division traveled to Vancouver, Canada to attend the annual conference of the National Association of Foreign Student Advisers (NAFSA).

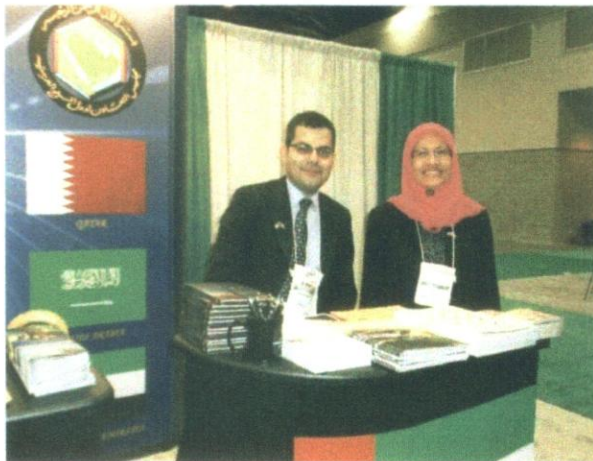

NAFSA is the world's largest non-profit professional association dedicated to international education with nearly 10,000 members. The purpose of the conference is for universities and different educational agencies and government agencies to meet, discuss, and share ideas how to better enhance student services and education in general.

Our Cultural Division advisors met many university representatives and established relationships that will help us better serve our dear students. Advisors also attended many specialized sessions including:

- Developing Global Strategic Relationships
- Globalizing Professional and Vocational Education and Training
- Visa Acquisition Process

Upon returning from conference, all advisors presented a power point presentation with the outcomes, lessons and opportunities gained.

Advisors who attended the conference are: Achraf El Amine, Arwa Terkmani, Inad Abdo, Dhuha Alshouk, Ewana Wiley, Mary Ann Ghareeb, Mona Rafi, Zahratul Mahmud.
